Plankton Ecology (6-12)	Plankton Ecology (6-12)
1. Which of these is an example of zooplankton?	1. Which of these is an example of zooplankton?
A. Zoea	A. Zoea
B. Diatom	B. Diatom
C. Blue Green Algae	C. Blue Green Algae
D. Cyanobacteria	D. Cyanobacteria
2. Which zone is most likely to hold the most phytoplankton?	2. Which zone is most likely to hold the most phytoplankton?
A. Tidal Zone	A. Tidal Zone
B. Surface Zone	B. Surface Zone
C. Aphotic Zone	C. Aphotic Zone
D. Photic Zone	D. Photic Zone
