discriminate against any employee or applicant for employment because of actual or perceived
age, race, creed, color, national origin, gender identity or expression, sexual orientation,
predisposing genetic characteristics; military status, marital status, partnership status, domestic
violence victim status, or alienage or citizenship status, and shall also follow the requirements
of the NYS Human Rights Law with regard to non-discrimination on the basis of prior criminal
conviction and prior arrest.

**Please Note:** Failure to comply with the foregoing requirements may result in a finding of non-
responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding
of funds, suspension or termination of the Contract or such other actions or enforcement
proceedings as allowed by the Contract.

**MWBE AND SDVOB COMPLIANCE:** Respondents shall submit with their proposal a
Subcontractor Utilization Plan following the requirements set forth in Exhibit 5 to this RFP.

and delivery of the Contract. The Trust is not obligated to pay any costs, expenses, damages or
losses incurred by any respondent at any time unless the Trust has expressly agreed to do so in
writing.

**The Trust Rights.** This is a “Request for Proposals” and not a “Request for Bids”. The Trust

All proposals become the property of the Trust.

MWBE AND SDVOB Requirements

New York State Law: Pursuant to New York State Executive Law Article 15-A and Parts 140-145 of Title 5 of the New York Codes, Rules and Regulations, the Trust is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises (“M/WBEs”) and the employment of minority group members and women in the performance of the Trust contracts.

Business Participation Opportunities for MWBEs: For purposes of this solicitation, the Trust hereby establishes an overall combined goal of thirty percent (30%) for MWBE participation. The Consultant must document its good faith efforts to provide meaningful participation by MWBEs as subcontractors and suppliers in the performance of the Contract. To that end, by submitting a response to this RFP, the respondent agrees that the Trust may withhold payment pursuant to any Contract awarded as a result of this RFP pending receipt of the required M/WBE documentation. The directory of MWBEs can be viewed at: https://ny.newnycontracts.com. For guidance on how the Trust will evaluate a Contractor’s “good faith efforts,” refer to 5 NYCRR § 142.8.

The respondent understands that only sums paid to M/WBEs for the performance of a commercially useful function, as that term is defined in 5 NYCRR § 140.1, may be applied towards the achievement of the applicable MWBE participation goal. The portion of a contract with an MWBE serving as a broker that shall be deemed to represent the commercially useful function performed by the MWBE shall be twenty five percent (25%) of the total value of the contract.

In accordance with 5 NYCRR § 142.13, the respondent further acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in a Contract resulting from this RFP, such finding constitutes a breach of contract and the Trust may withhold payment as liquidated damages.

By submitting a bid or proposal, a respondent agrees to demonstrate its good faith efforts to achieve the applicable MWBE participation goals by submitting evidence thereof through the New York State Contract System (“NYSCS”), which can be viewed at, https://ny.newnycontracts.com provided, however, that a respondent may arrange to provide such evidence via a non-electronic method by contacting the Trust.

Additionally, a respondent will be required to submit the following documents and information as evidence of compliance with the foregoing:

A. A Subcontractor Utilization Plan with their proposal. If Respondent’s proposed Subcontractor Utilization Plan provides for less than the stated goal in the RFP, Respondents must also submit an Application for Waiver of MWBE Participation Goals in support of the proposed goal. Any modifications or changes to an accepted Subcontractor Utilization Plan after the Contract award and during the term of the Contract.
Contract must be reported on a revised Subcontractor Utilization Plan and submitted to the Trust for review and approval. The Trust will review the submitted Subcontractor Utilization Plan and advise the respondent of the Trust acceptance or issue a notice of deficiency within 30 days of receipt.

B. If a notice of deficiency is issued, the respondent will be required to respond to the notice of deficiency within seven (7) business days of receipt by submitting to the Trust at Pier 40, 353 West Street, 2nd Floor Administration, New York, NY 10014, 212-627-2020, Attn.: General Counsel, a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by the Trust to be inadequate, the Trust shall notify the respondent and direct the respondent to submit, within five (5) business days of notification from the Trust, additional information to cure the noted deficiency. Failure to cure noted deficiency in a timely manner may be grounds for disqualification of the proposal.

The Trust may disqualify a respondent as being non-responsive under the following circumstances:

a) If a respondent fails to submit an Subcontractor Utilization Plan;

b) If a respondent fails to submit a written remedy to a notice of deficiency;

c) If a respondent fails to submit a request for waiver; or

d) If the Trust determines that the respondent has failed to document good faith efforts.

The successful respondent will be required to attempt to utilize, in good faith, any M/WBE identified within its Subcontractor Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract award may be made at any time during the term of the Contract to the Trust, but must be made no later than prior to the submission of a request for final payment on the Contract.

The successful respondent will be required to submit a monthly Subcontractor Utilization Plan to the Trust.

SDVOB Requirements. The Division of Service-Disabled Veterans' Business Development (“DSDVBD”) is housed within the New York State Office of General Services (“OGS”) and is tasked with promoting and encouraging the continuing economic development of Service-Disabled Veteran-Owned Businesses (“SDVOBs”). Through the DSDVBD, the State of New York aims to assist service-disabled veterans in playing a greater role in the economy of the state and to provide additional assistance and support to disabled veterans to better equip them to form and expand small businesses, thereby enabling them to realize the American dream they fought to protect. The Trust recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of the Trust contracts.
In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Respondents are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

**New York State Law.** New York State Executive Law Article 17-B governs requirements for the participation of SDVOBs in New York State contracting. The objective of Article 17-B is to expand opportunities for SDVOBs, primarily through increased participation in New York State contracting. The DSDVBD maintains a Directory of NYS Certified SDVOBs. The directory is updated regularly with the addition of any newly certified SDVOBs or necessary changes requested by the listed SDVOBs or DSDVBD staff. State personnel and other interested parties may contact the DSDVBD and request they be added to a distribution list to receive the directory and its regular updates via email. The Directory of NYS Certified SDVOBs is also posted on the OGS website.

**Contract Goals.** The Trust hereby establishes an overall goal of 6% for SDVOB participation, based on the current availability of qualified SDVOBs. For purposes of providing meaningful participation by SDVOBs, the Respondent should reference the directory of New York State Certified SDVOBs found at: [http://ogs.ny.gov/Core/SDVOBA.asp](http://ogs.ny.gov/Core/SDVOBA.asp). Additionally, following Contract execution, the selected Consultant is encouraged to contact the Office of General Services’ Division of Service-Disabled Veterans’ Business Development at 518-474-2015 or VeteransDevelopment@ogs.ny.gov to discuss additional methods of maximizing participation by SDVOBs on the Contract.

**SDVOB Utilization Plan.**

A. In accordance with 9 NYCRR § 252.2(i), Respondents are required to submit a completed SDVOB Utilization Plan on the Subcontractor Utilization Plan form attached hereto with their proposal. If Respondent’s proposed Subcontractor Utilization Plan provides for less than the stated goal in the RFP, Respondents must also submit an Application for Waiver of SDVOB Goal in support of the proposed goal.

B. The Subcontractor Utilization Plan shall list the SDVOBs that the Respondent intends to use to perform the Contract, a description of the work that the Respondent intends the SDVOB to perform to meet the goals on the Contract, and an estimate of the percentage of Contract work the SDVOB will perform. By signing the Subcontractor Utilization Plan, the Respondent acknowledges that making false representations or providing information that shows a lack of good faith as part of, or in conjunction with, the submission of a Utilization Plan is prohibited by law and may result in penalties including, but not limited to, termination of a contract for cause, loss of eligibility to submit future bids, and/or withholding of payments. Any modifications or changes to the agreed participation by SDVOBs after the Contract award and during the term of the Contract must be reported on a revised SDVOB Utilization Plan and submitted to the Trust.

C. The Trust will review the submitted SDVOB Utilization Plan and advise the Respondent of the Trust acceptance or issue a notice of deficiency within twenty (20) days of receipt.

D. If a notice of deficiency is issued, selected Respondent agrees that it shall respond to the notice of deficiency, within seven (7) business days of receipt, by submitting to the Trust
a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by the Trust to be inadequate, the Trust shall notify the Respondent and direct the Respondent to submit, within five (5) business days of notification by the Trust, additional information to cure the noted deficiency. Failure to cure the noted deficiency in a timely manner may be grounds for disqualification of the proposal.

The Trust may disqualify a Respondent’s proposal as being non-responsive under the following circumstances:

(i) If a Respondent fails to submit an SDVOB Utilization Plan on the Subcontractor Utilization Plan Form;

(ii) If a Respondent fails to submit a written remedy to a notice of deficiency;

(iii) If a Respondent fails to submit a request for waiver; or

(iv) If the Trust determines that the Respondent has failed to document good faith efforts.

If awarded a Contract, the Consultant shall certify that it will follow the approved Subcontractor Utilization Plan for the performance of SDVOBs on the Contract pursuant to the prescribed SDVOB contract goals set forth in the Contract.

Contractor further agrees that a failure to use SDVOBs as agreed in the Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, the Trust shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor’s non-responsibility.

Request for Waiver. In accordance with 9 NYCRR § 252.2(m), a Respondent that is able to document good faith efforts to meet the goal requirements may submit a request for a partial or total waiver on Form SDVOB 200, accompanied by supporting documentation. A Respondent may submit the request for waiver at the same time it submits its Subcontractor Utilization Plan. If the documentation included with the Respondent’s waiver request is complete, the Trust shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.

The selected Respondent shall attempt to utilize, in good faith, the SDVOBs identified within its Subcontractor Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract award may be made at any time during the term of the Contract to the Trust, but must be made no later than prior to the submission of a request for final payment on the Contract.

If the Trust, upon review of the Subcontractor Utilization Plan and Monthly SDVOB Compliance Report determines that Consultant is failing or refusing to comply with the contract goals and no waiver has been issued in regards to such non-compliance, the Trust may issue a notice of deficiency to the Consultant. The Consultant must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of SDVOB contract goals.
Waiver requests should be sent to the Trust.

**Good Faith Efforts.** In accordance with 9 NYCRR § 252.2(n), the Consultant must document its good faith efforts toward utilizing SDVOBs on the Contract and providing meaningful participation by SDVOBs as subcontractors or suppliers in the performance of the Contract. Evidence of required good faith efforts shall include, but not be limited to, the following:

1. Copies of solicitations to SDVOBs and any responses thereto.
2. Explanation of the specific reasons each SDVOB that responded to Respondent/Consultants’ solicitation was not selected.
3. Dates of any pre-bid, pre-award or other meetings attended by Respondent/Consultant, if any, scheduled by the Trust with certified SDVOBs whom the Trust determined were capable of fulfilling the SDVOB goals set in the Contract.
4. Information describing the specific steps undertaken to reasonably structure the Contract scope of work for the purpose of subcontracting with, or obtaining supplies from, certified SDVOBs.
5. Other information deemed relevant to the waiver request.

**Monthly SDVOB Contractor Compliance Report.** In accordance with 9 NYCRR § 252.2(q), the Consultant shall be required to report Monthly SDVOB Contractor Compliance to the Trust during the term of the Contract for the preceding month’s activity, documenting progress made towards achieving the Contract SDVOB goals.

**Breach of Contract and Damages.** In accordance with 9 NYCRR § 252.2(s), any Contractor found to have willfully and intentionally failed to comply with the SDVOB participation goals set forth in the Contract, shall be found to have breached the contract and Contractor shall pay damages as set forth therein.

The Contractor shall level the bottom of all pits, beds, and trenches that are excavated for the planting of the Plant Materials. Plant Materials shall be set in planter beds and/or in the center of pits in a plumb and straight layout to present the best appearance and relationship to adjacent plants and structures. Trees are to be planted at a depth where the roots spread from the trunk. The flair must be located and placed at the correct level. Plant all Plant Materials to a depth whereby the finished grade level of the plant after settlement will be the same as the original plant. Contractor must install tree stakes to all newly installed trees for support. Cedar stakes or equivalent type of material approved by Trust must be used. Arbor ties and wire cabling are acceptable materials to tie trees to stakes. Wire cabling must have a protective cover to prevent damage to bark of tree.

The Contractor shall follow the following procedure for installation of Plant Materials with root balls: (i) remove wire and surplus binding from top and sides of the root ball prior to plantings; (ii) fold back burlap; (iii) cleanly cut off all the broken or frayed roots; (iv) fully remove any non-biodegradable materials; (v) hand tamp topsoil around bases of root balls to fill all voids; and (vi) remove all burlap and ropes from the tops of root balls. EXHIBIT 7
Protest Procedures

The procedures set forth in this Exhibit shall apply to all protests (collectively, “Protests” and each individually, a “Protest”) related to this procurement. The Trust will not entertain any Protest that is untimely or fails in any manner to comply fully with the procedures set forth in this section.

Types of Protests. There are three types of procurement Protests:

- Pre-Proposal Protest: A protest submitted prior to the Submission Deadline to challenge the notice procedures followed by the Trust;
- Pre-Award Protest: A protest submitted after the Submission Deadline but before Contract execution; and
- Post-Award Protest: A protest submitted after the Contract has been executed, but only to the extent that the protest is based on newly discovered information that was not available prior to execution of a Contract.

Submission of Protests/Deadlines. All Protests must be in writing and must be submitted in accordance with the following timeline for the following types of Protests:

- A Pre-Proposal Protest must be submitted at least two (2) business days prior to the Submission Deadline set forth in Part I of the RFP;
- A Pre-award Protest must be submitted five (5) business days from the later of receipt of Notice of the Trust’s contingent award of the Contract and the date proposals are made publicly available; and
- A Post-award Protest must be submitted five (5) working days from the date the protesting party knew or should have known the newly discovered evidence that serves as the grounds of its Protest.

A Protest will be considered submitted when the Protest is received by the Trust.

Contents of Protest: The Protest should include, without limitation, the following information:

- name, address and telephone number of the protester;
- appropriate identification of the procurement, including the Contract Number;
- statement of the basis of the Protest;
- supporting exhibits and documentary evidence to substantiate the grounds for the Protest; and
- form of relief requested.
Address for Submission of Protests:

Hudson River Park the Trust
Pier 40, 2nd Floor
353 West Street
New York, NY 10014
Attention: General Counsel

Method of Submission: Hand, Express Mail, or other nationally-known overnight courier.

Envelope: The envelope enclosing the Protest must be clearly labeled “PROTEST” and must list the Contract Number to which the Protest relates.

Additional Information: The Trust may request that the protestor submit additional information that it may need in order to consider the Protest. Any additional information requested by the Trust must be submitted within the time period established by the Trust in order to expedite consideration of the Protest. Failure of the protester to comply with a request for information within the specified time period will result in a resolution of the Protest without consideration of any information subsequently submitted by the protester in an untimely manner.

Determinations. The Trust’s General Counsel or his/her designee has the authority to make a final determination. The Trust will respond to each substantive issue in the Protest. The Trust may, in its sole discretion, meet with the protesting respondent and any affected party to discuss the Protest. The Trust shall have the right to take such appropriate action as may be in the best interests of the Trust and the City in light of the determination.

The Trust’s determination shall be final. The respondent shall have been deemed to have received the Trust’s determination notice no later than five (5) days from the date of mailing or upon delivery, if delivered by hand of the Trust’s determination.
