

Request for Proposals
For HRPK Portable/Temporary Restrooms
Contract No. G7190

RFP Issued: January 17, 2024

Submission Deadline: February 16, 2024

QUESTIONS & ANSWERS

- 1. Please provide the specs of the trailer?** There are no specific specs we are looking for.
Rather, we are requesting bidders submit whatever trailer specs they have available with the appropriate rental cost for each.
- 2. What is the holding tank getting hooked up to?** Freshwater holding tanks will either be connected to a water source in the park or when unavailable, will require vendor to supply potable water.
- 3. Who held the bid last year?** The current contract is with John to Go Inc.
- 4. 3 year agreement – is there any provision for yearly price increases, or is this a firm fixed price from 4/1/2024-9/2027?** This is at the discretion of the vendor submitting the bids.

5. **Service Frequency of the 2 open rental toilets= fee schedule states (8am-10am) as the only service window on Wednesdays – but SOS Appendix B #5 states 10PM thru 8AM.**
Ideally, units must be serviced between the 10pm and 8am window.
6. **BBQ Festival – the onsite cleaning attendees – are these attendees just there to spot clean the units, trash, toilet paper etc, or is the expectation of an oncall pump truck from 12-10?** Attendees will only be spot cleaning units by emptying any trash and refilling toilet paper and soap. Units for the Blues BBQ Festival will be pumped upon pickup.
7. **Pier 76 – should this be priced as a 6 month rental with 2x weekly service of these units? May-October?** That is fine.
