

DESIGNERS SELECTED FOR SEGMENTS 2, 3 AND 5.

This summer the Trust selected design teams for the remaining park segments. Segments 2 and 3 will be designed by a team led by landscape architects Sasaki Associates, Inc. and marine engineers DMJM+Harris. Segment 2 (formerly Segments 1 and 2), runs from Battery Place along the Battery Park City boundary line to Harrison Street in Tribeca. Segment 3 begins at Harrison Street and goes to Pier 40. Community workshops to finalize the park program in this area will be scheduled as soon as the residents of Community Board 1 are safely back in their homes.

Segment 5 will be designed by a team led by landscape architects Michael Van Valkenburgh Associates. Their partners in designing Segment 5 are Beyer Blinder Belle, architects, Lynden Miller, public garden designer, and Mueser Rutledge, marine engineers. The team will make a presentation to the community on October 3rd at the

regularly scheduled meeting of Community Board 4. A design workshop with a group designated by the Board's waterfront committee will begin meeting later in October to finalize the park program for Segment 5. Segment 5 runs from Horatio Street in Greenwich Village to 25th Street in Chelsea.

Hudson River Park Happenings

VOLUME 1 • ISSUE 6 • OCTOBER 2001

The Hudson River Park Trust is deeply saddened by the tragic events of September 11th and extends its condolences to the families and friends who lost loved ones. We commend the valiant efforts of the firefighters, law enforcement officers, and volunteers. We are comforted by the wise leadership of Mayor Giuliani and Governor Pataki, and moved by the spirit and resilience of the people of New York.

Hudson River Park is proud to be an essential part of the fabric of New York City as we move now to healing and some normalcy in our lives. From the moment after the tragedy, our employees and park contractor personnel have been participating in the rescue and recovery efforts, and our facilities at Piers 25, 26 and 40 have been used for equipment staging and to organize personnel. Please note that our mailing address and telephone/fax numbers have temporarily changed during this time of rebuilding. The new address is Hudson River Park Trust, Pier 40 (West Street and West Houston Street), New York, NY 10014; Telephone, 917-661-8740; Fax, 917-661-8777.

Now more than ever, Hudson River Park is a quiet refuge where you can sit and contemplate the Hudson River, go for a jog, or have a picnic with your family. With only a few exceptions, Hudson River Park remains open and construction in the Park continues. We hope that the Park can provide you and your family some solace during these difficult times.

Our thoughts and prayers are with New Yorkers and the nation.

Sincerely,
Robert P. Balachandran, President & CEO
Hudson River Park Trust
